ALL SESSIONS AND WORKSHOPS WILL FALL UNDER TRACKS.

Workshops

Workshops provide opportunities for both training and learning for conference attendees. Track speakers will be responsible for deciding specific workshop structure and content . Workshops are individually led.

The background of the slide is a photograph of a city skyline at dusk. The sky is a mix of purple, pink, and blue. In the foreground, there is a multi-level highway with some light trails from cars. A large teal diagonal shape cuts across the left side of the image, partially obscuring the skyline and the highway.
